

Supporting the Arts

We at the King Center are delighted to present another exciting season of nationally and internationally acclaimed artists and cultural events to enchant our audience. We continue to receive overwhelming feedback on the excellence and diversity of the programs presented.

As funding continues to be drastically cut for the King Center and Brevard Community College, it is vital to our operation to continually seek funds for the King Center's facility, performances and educational activities. Crown Club members play the crucial role of providing financial support to the King Center. Without their generous donations, the King Center's numerous programs and performances might not be possible.

To continue the legacy of the performing arts and entertainment in Brevard County and to realize the dream of the arts for everyone, we must continue to raise private support. With your help, the King Center can realize its vision of providing quality performing arts to the Brevard County community.

Best wishes,
