Season 2019-2020

Dear teachers and students,

Thank you for your interest in the King Center Theatre for Youth (TFY) Program. Our mission is to inspire, nurture and sustain a lifelong appreciation for the performing arts among our youth theatre guests. This is accomplished by the diverse array of entertaining and educational performance arts offerings.

The study resource guide is made possible by each artist and their management team to augment the live theatre experience. We hope you find the guide useful as you integrate the experience with your classroom learning.

A live theatrical experience can leave a memorable impact even after the show is over...now, *Let Your Imagination Take You Places!*

We are looking forward to your attendance at the show.

Yours in the arts,

Presents:

Gordon Gumshoe, Fairy Tale Detective

Teacher Guidelines

Fantasy Theatre Factory's Teacher Guidelines incorporate and support Florida Sunshine State Standards.

About The Show

Poor old Granny can't tell you her favorite fairy tales because someone is stealing all the fairytale props! Bread crumbs, magic beans, a basket of goodies, a glass slipper are all missing! Fairy tale characters are confused and blaming each other. The future of the fairy tale world is at stake and it's up to the title character to set things right.

Gordon Gumshoe, Fairy Tale Detective, is out to solve his toughest case ever. With detective reasoning, Gordon sets out to locate the Mysterious Figure who's been pilfering all the props! Is it Papa Bear? There's plenty of audience participation and lots of laughs for junior detectives-grades K-5. Students and teachers can use this fairytale spoof as a great jumping off spot for creative writing experiences.

About Fairy Tales

Contrary to their name, fairy tales are *not* just stories about fairies! Mystical stories of magic and enchantment have been used to teach children for centuries. Fantasy Theatre Factory is proud to present Gordon Gumshoe Fairy Tale Detective by Steph Deferie, which weaves dozens fairy tale stories together in a theatrical tapestry of mystery and fun.

By *misplacing* familiar characters into new dramatic situations "Gordon Gumshoe" creates the perfect launch pad for comprehensive studies not only in **theatre arts** but also in **reading, language, math-**even **science** and **social studies**! These Teacher Guidelines demonstrate various methods that can be used to incorporate *Gordon Gumshoe Fairy Tale Detective* into the classroom curriculum. After watching *Gordon Gumshoe* and exploring the activities in these guidelines, we're sure your class will agree that theatre equals education and fun!

The Brothers Grimm

Gordon Gumshoe Fairy Tale Detective incorporates stories usually attributed to the famous German storytelling duo known as the Brothers Grimm. Professors Wilhelm and Jacob Grimm did not create these stories; but they did record folklore from around the world that was passed down for generations. The Brothers Grimm compiled 86 local German legends and fairy tales into their first volume of Kinder-und Hausmärchen published in 1812. Ultimately, more stories were collected resulting in eight published editions of Kinder-und Hausmärchen containing 200 folktales and 10 children's legends.

HANSEL & GRETEL CHARACTERS LINE-UP

Before The Show

Class Discussion:

- Can you name any Fairy tales? Who are the characters in those fairy tales?
- What is a Detective? What does a detective do? Can you think of another word for Detective?
- What is a mystery?

Classroom Activities!

The Changing Play

- Have the class sit as though they were a grown up audience watching a play.
- Have them change their reactions as the imaginary play changes from comedy, drama, Horror, Musical etc.
- Ask the class to pretend to be a bad audience that is distracting and impolite. Then ask them to behave correctly.
- Discuss the difference and create a plan together for appropriate theater behavior.

Sunshine State Standards Addressed:

1st Grade:

TH.1.S.1.In.a Identify audience behavior required to attend a theatrical performance.

Problem Solvers!

Ask your junior detectives to use their deductive detective reasoning to solve these Fairy Tale mathematical mysteries. Challenge your sleuths to create their own mathematic mysteries using their favorite fairy tale characters from "Gordon Gumshoe Fairy Tale Detective".

1.) Snow White is 18 years old today. If she takes a bite out of the poison apple and falls asleep for five years, how old will she be when she wakes up to the Prince's kiss? (23 years old) What year will it be? (Answers will vary) If the Prince will be 25 when he wakes Snow white how old is he today? (20 years old)

2.) Half of the residents of the Magic Kingdom are maidens. If the Magic Kingdom has a population of 844, how many women will the Prince have to visit in order to try the slipper on every maiden that lives in the Kingdom? (422 maidens) How many toes will he have to slip into the slipper? (2110 toes) If two maidens live in every house, how many houses will the Prince have to visit? (211 houses)

3.) Little Red Riding Hood must get to Granny's house, which is ten miles into the forest. If she leaves at 8:00am and walks 2 miles per hour how long will her walk take? (5 Hours) What time will she arrive at Granny's? (1:00pm) If the Big Bad Wolf stops her half way through how far will she get? (5 miles) What time will Red Riding Hood meet the Big Bad Wolf? (10:30am)

Sunshine State Standards Addressed:

1st Grade:

MA.1.A.1.Pa.b Solve problems involving small quantities of objects or actions using language.

Search the Globe!

Children all over the planet enjoy hearing and telling stories of magic and enchantment. Gordon Gumshoe Fairy Tale Detective mentions stories from around the globe; can you find their places of origin on a map of the world?

China -	Cinderella	Greece -	Beauty and the Beast
Germany -	Hansel and Gretel	Italy -	Sleeping Beauty
England -	Goldilocks and the Three Bears	Ireland -	Snow White and the Seven Dwarves
France -	Little Red Riding Hood		
Asia -	Jack and The Beanstalk

Magic Beans!

Beans and seeds really are magical! First, read the story of Jack and the Beanstalk as a class.

- Fill a clean soup can, yogurt container or coffee can with soil then plant some green bean seeds according to package directions.
- Cover with plastic wrap and place in a sunny location. Keep the soil moist but not too wet!
- Once your beanstalk sprouts, gently insert a 6-9 inch thin branch or stick in the pot for support.
- Have each student cut out a picture or drawing of themselves and tape to the top of the branch climbing the beanstalk.
- Plant some Jelly beans in one of your containers and compare your results.

****Read more Fairy Tales then try planting pumpkins for Cinderella's carriage, a Rose for Beauty and the Beast or some Lettuce like Rapunzel (also called Rampion).***
