About Peel Children's Centre

Peel Children's Centre (PCC) is a not-for-profit mental health agency that serves the communities of Mississauga, Brampton, and Caledon in the Region of Peel.

PCC is one of the largest, most comprehensive, accredited children's mental health treatment organizations in Canada. Each year, PCC provides over 6,650 individual treatment services to children and youth in the Region of Peel who are challenged by emotional problems, behavioural problems, or have suffered through tragedy or abuse.

All proceeds from the event will help PCC continue to meet the increasing needs of children, youth and their families in our growing community.

Vision

A caring community working together for children and youth.

Mission

To enrich the lives of children and youth who experience social, emotional and/or behavioural challenges by providing a continuum of high quality mental health services.

Because Every Child Deserves a Bright Future
