

ARTS AND CULTURE DRIVE FLORIDA'S ECONOMY

The Florida Professional Presenters Consortium (FPPC) is part of the larger arts industry in Florida which contributes an estimated \$32.5 Billion to the state's economy, produces \$17.5 Billion in compensation, and employs 233,088 people.

FPPC represents 70 performing arts facilities, centers and public venues throughout nearly every congressional district from Panama City to Key West. The data below indicates how we strengthen Florida's economy, education, and quality of life through the arts, culture and tourism industries.
