

THE CONNECTION TRILOGY

Dazzling family stage shows on tour!

Three high-tech plays reimagine classic stories for young people, mixing theatrical techniques (shadows, puppetry, masks) with multimedia projections to create an immersive experience for all ages. The connection trilogy turns the spotlight on characters disconnected from humanity (Nemo, Mowgli, The Creature) and how technology itself can be used to connect us.

Jungle Book

The classic Mowgli stories burst to life using spectacular video, shadow-play, and original music. Jungle Book will transport you from Mowgli's childhood with the wolves in India, to our urban jungle today. The hit show delves into themes of belonging, and our relationship to the animal kingdom.

"A MUST-SEE, especially for multi-generational families."
